Nihan Telli

Front End Developer

I graduated from Yıldız Technical University, Department of Architecture. I decided to change my career. In line with my interest in software and the visual design skills that I gained from architecture, I completelly believe that I will be successful in the field of Frontend Development .I develop various web projects using HTML, CSS, Bootstrap, Javascript, React JS. I enjoy writing code and designing web projects. Also I am a highly motivated person to learn new technologies, libraries and frameworks.
